01 题目原文 (The Prompt)

(2025·郑州市二模) 你校英语报正在举办以 "AI in Our Study and Daily Life" 为主题的征文活动, 请用英语写一篇短文投稿, 介绍AI对学习和生活的帮助。

要点如下:

1. 学习方面;
2. 生活方面;
3. 对AI的期待。

注意:

1. 写作词数应为80个左右;
2. 请按如下格式在答题卡的相应位置作答。

AI in Our Study and Daily Life

02 你的答案 (Your Answer)

With the development of science and technology, AI has been developing our study and daily life. Fistly, AI is an tutor, Which can provide answers to questions, making us more understand. On the other hand, it can help to solve grammar mistakes and enhance our spoken EngltsH.

In my opinion, I hope AI will become more user and bring more useful skills to make us better.

03 语法与拼写错误 (Grammar & Spelling Errors)

你的作文基本表达了AI在学习上的帮助，但存在多处搭配不当和语法问题，且遗漏了"生活方面"这一核心要点：

第一段

 原句： *With the development of science and technology, AI has been developing our study and daily life.*

✗ 错误： *developing our study and daily life*

✓ 改正： *has been developing rapidly, changing our study and daily life*

 解析： *developing our study and daily life* 属于动宾搭配不当。develop 作及物动词直接接"我们的生活"不自然。如果想保留 *developing*，可改为 *AI has been developing rapidly, changing our study and daily life*，此时 *developing* 作不及物动词（AI自身在发展），再用分词短语引出对生活的影响。

 原句： *Fistly, AI is an tutor, Which can provide answers to questions, making us more understand.*

✗ 错误： *Fistly / an tutor / Which / more understand*

✓ 改正： *Firstly / a tutor / which / understand better*

 解析：① *Fistly* 拼写错误，应为 *Firstly*。② *tutor* 以辅音音素开头，前面用 *a* 而非 *an*。③ *Which* 位于句中不应大写。④ *understand* 是动词，不能用 *more* 修饰，应说 *understand better* 或 *have a better understanding*。

 原句： *On the other hand, it can help to solve grammar mistakes and enhance our spoken Englts h.*

✗ 错误： *On the other hand / solve grammar mistakes / enhance / Englts h*

✓ 改正： *Besides / correct grammar mistakes / improve / English*

 解析：① *On the other hand* 表示"另一方面（转折）"，此处与上文是递进关系，应改为 *Besides* 或 *In addition*。② *solve mistakes* 搭配不当，应为 *correct/fix mistakes*。③ *enhance* 偏重"增强、提高（质量、价值）"，修饰口语能力用 *improve* 更地道。④ *Englts h* 拼写错误，应为 *English*。

 **原句：** *In my opinion, I hope AI will become more user and bring more useful skills to make us better.*

 **错误：** user

 **改正：** user-friendly

 **解析：** user 是名词，此处缺形容词，应改为 user-friendly（用户友好的）。

04 得分范围 (Score Range)

7 - 9 分 / 满分 15 分 (属于第三档作文)

评分依据：

-  **优点：** 基本完成了写作任务，提及了AI在学习中的帮助（解答问题、纠正语法、提升口语），并表达了对AI的期待，词数基本符合要求。结构上有开头、主体和结尾的意识。
-  **失分点：** ① **内容缺失：** 遗漏了题目要求的核心要点"生活方面"，属于要点不全，直接降档。② **基础错误较多：** 拼写错误（Fistly, Englthsh）、冠词错误（an tutor）、动词修饰错误（more understand）、词性错误（user）等较为密集，影响理解。③ **搭配不当：** develop our life, solve mistakes, enhance spoken English, bring skills 等中式英语表达影响语言准确性。

05 修改建议 (Suggestions for Improvement)

- 审题要全，覆盖所有要点：** 应用文评分首要标准是"内容完整性"。本题明确要求写"学习方面"、"生活方面"和"期待"三个要点，缺一不可。建议动笔前列提纲，每点用一句话概括，确保不遗漏。
- 夯实基础拼写：** 常见词如 firstly, English 的拼写错误非常影响阅卷印象。写完后务必留1分钟通读检查，重点排查视觉易错词。
- 注意词性与搭配：** user-friendly（复合形容词）比单用 user 准确；correct mistakes、improve English、make our life better 是更地道的搭配，建议积累常见动宾组合。

4. 避免语义重复: In my opinion, I hope... 中两者都表达个人观点, 保留一个即可。应用文词数有限 (80词左右), 每句话都应简洁高效。

5. 积累应用文常用衔接词: 表示递进用 Besides, In addition, What's more; 表示转折才用 On the other hand, However。分清逻辑关系, 衔接才能准确。

润色后的升级版 (Upgraded Version)

AI in Our Study and Daily Life

With the development of science and technology, AI **has been developing rapidly, changing** our study and daily life. **Firstly**, AI acts as **a** tutor, **which** can provide answers to our questions, helping us **understand better**. **Besides**, it can help us **correct** grammar mistakes and **improve** our spoken **English**. **In daily life, AI assistants can manage our schedules and even control smart home devices, making life more convenient.** I hope AI will become more **user-friendly** and bring more useful **features** to **make our life better**.
